Effective on September 14, 2026

This Privacy Policy explains how Goodresto collects, uses, stores, shares and protects Personal Data when You use our Services.

All capitalized terms used in this Privacy Policy shall have the same meanings ascribed to them in the GoodResto App and Website - Terms of Service, unless expressly stated otherwise.

Questions or concerns? Reading this privacy notice will help You understand Your privacy rights and choices. If You do not agree with our policies and practices, please do not use our Services. If You still have any questions or concerns, please contact us at contact@goodresto.app .

SUMMARY OF KEY POINTS

This summary provides key points from our privacy notice, but You can find out more details about any of these topics by following each key point or by using our table of contents below to find the section You are looking for.

What personal information do We process? We may process Personal Data that You provide directly to GoodResto, such as Your name, contact details, date of birth (where provided), account information, Reservation information, Loyalty Program information, voucher information, reviews and other information You choose to provide when using our Services. We may also receive Personal Data from Venues, for example where a Venue enters or otherwise provides information about its guests into GoodResto systems. Depending on the circumstances, GoodResto may process such data as a Data Controller for its own purposes or as a Data Processor on behalf of the Venue. Not all Personal Data held by GoodResto is shared with every Venue. When You use GoodResto as a registered End User, We generally share with a Venue only the information reasonably necessary for the relevant service or interaction, such as a Reservation, Loyalty Program or voucher transaction.

Do We process any sensitive personal information? We do not intentionally request or require Special Categories of Personal Data except where a particular Service expressly requires or permits You to voluntarily provide such information.

How do We process Your information? We process Your information to provide, improve, and administer our Services, communicate with You, for security and fraud prevention, and to comply with law.

In what situations and with which types of parties do We share personal information?

We may share Personal Data with Venues where this is necessary to provide a Reservation, voucher, Loyalty Program, other Venue-related service or other interaction requested by You. The amount and type of Personal Data shared depends on the relevant service and is limited to information reasonably necessary for that purpose. We may also share Your information in case it is requested by law or authorities.

For Personal Data processed in connection with a Reservation or another service where GoodResto and the Venue independently determine their respective purposes of processing, GoodResto and the Venue may act as separate and independent Data Controllers. The Venue is responsible for its own

processing of Personal Data after receiving it from GoodResto, including its own guest management, reservation management, guest history, loyalty activities and other activities for which the Venue determines the purposes and means of processing.

A Venue may also collect or already possess Personal Data about its guests independently of GoodResto and may enter or otherwise provide such Personal Data to GoodResto in order to use GoodResto's systems and services. In such cases, where GoodResto processes the Personal Data solely on the Venue's documented instructions and for the Venue's purposes, GoodResto acts as a Data Processor on behalf of the Venue.

A Venue may instruct GoodResto to send operational communications to its guests using the contact information held in GoodResto, including reservation confirmations, reminders, changes or cancellations and other service-related communications. Such communications are sent on behalf of the Venue and do not by themselves constitute marketing by GoodResto.

GoodResto does not use Personal Data received from a Venue solely for the Venue's purposes for GoodResto's own marketing merely because such data is stored in GoodResto's systems. GoodResto may process Personal Data for its own independent purposes only where GoodResto has its own applicable legal basis and acts in the relevant capacity as a Data Controller.

How do We keep Your information safe? We have organizational and technical processes and procedures in place to protect Your personal information. However, no electronic transmission over the internet or information storage technology can be guaranteed to be 100% secure, so We cannot promise or guarantee that hackers, cybercriminals, or other unauthorized third parties will not be able to defeat our security and improperly collect, access, steal, or modify Your information.

What are Your rights? GoodResto processes Personal Data primarily within the European Union. If data is processed or stored in other jurisdictions (for example, through third-party hosting, analytics, or email service providers), We ensure that such processing is carried out in compliance with GDPR.

You may review, change, or terminate Your account at any time. You have rights to access, correct, delete, amend Your Personal Data.

How do You exercise Your rights? The easiest way to exercise Your rights is by contacting us. We will consider and act upon any request in accordance with applicable data protection laws.

However, if You voluntarily include information regarding food allergies, intolerances, dietary preferences, or health conditions in the “Comment” to your reservation or apply check-box for allergy, You acknowledge and agree that:

- By voluntarily providing allergy or dietary preference information, you give your explicit consent (Art. 9(2)(a) GDPR) for GoodResto to process and transfer this data to the Venue solely for the purpose of handling your Reservation. GoodResto processes such information only to the extent necessary to transmit and administer the Reservation and related Service. GoodResto does not intentionally use such information for marketing or general personalization. The Venue may independently process the information after receiving it and is responsible for its own processing.
- By providing such information, You give your explicit consent to GoodResto to process and transmit that information to the selected Venue solely for the purpose of completing the Reservation.
- GoodResto does not verify, monitor, interpret, assess, highlight or act upon such information, and is not responsible for how the Venue reviews or applies such information.
- The Venue becomes an independent data controller of such information upon receipt and is solely responsible for:
    - reviewing the information,
    - ensuring appropriate internal procedures,

3. WHAT LEGAL BASES DO WE RELY ON TO PROCESS YOUR INFORMATION?

In Short: We only process Your personal information when We believe it is necessary and We have a valid legal reason (i.e. legal basis) to do so under applicable law, like with Your consent, to comply with laws, to provide You with services to enter into or fulfill our contractual obligations, to protect Your rights, or to fulfill our legitimate business interests.

The General Data Protection Regulation (GDPR) requires us to explain the valid legal bases We rely on in order to process Your personal information. As such, We may rely on the following legal bases to process Your personal information:

- **Consent**. We may process Your information if You have given us permission (i.e. consent) to use Your personal information for a specific purpose. You can withdraw Your consent at any time.
- **Performance of a Contract**. We may process Your personal information when We believe it is necessary to fulfill our contractual obligations to You, including providing our Services or at Your request prior to entering into a contract with You.
- **Legitimate Interests**. We may process Your information when We believe it is reasonably necessary to achieve our legitimate business interests and those interests do not outweigh Your interests and fundamental rights and freedoms. Such interests may include:
    - Operating, maintaining, securing and improving the GoodResto Services
    - Preventing fraud, abuse, misuse and repeated no-shows
    - Protecting our legal rights and business interests
    - Analysing the use and performance of the GoodResto Services
    - Improving recommendations, functionality and user experience
    - Sending users service-related information, including information about benefits, rewards, coupons or other benefits that the user has already earned or become eligible to receive through the GoodResto Services

    - Supporting the effective operation and administration of the GoodResto Services
- **Legal Obligations**. We may process Your information where We believe it is necessary for compliance with our legal obligations, such as to cooperate with a law enforcement body or

regulatory agency, exercise or defend our legal rights, or disclose Your information as evidence in litigation in which We are involved.

4. WHEN AND WITH WHOM DO WE SHARE YOUR PERSONAL INFORMATION?

In Short: We may share information in specific situations described in this section and/or with the following categories of third parties vendors, consultants and other third-party service providers. We may share Your data with third-party vendors, service providers, contractors, or agents who perform services for us or on our behalf and require access to such information to do that work. The categories of third parties We may share personal information with are as follows:

- Affiliate marketing programs
- Cloud computing services
- Communication & collaboration tools
- Data analytics services
- Finance & accounting tools
- Government entities
- Restaurants (at Your request to make a reservation)
- User account registration & authentication services

We may make certain information publicly or privately available to other users or third parties where this is necessary for a feature of the Services, such as displaying a review, rating, User Contribution or other content that You have chosen to submit. We will limit the information displayed to what is reasonably necessary for the relevant feature and will not disclose Your private account information merely because You use a Venue-related service.

GoodResto does not supervise, control, or influence how a Venue processes Personal Data after receiving it. Venues are solely responsible for complying with applicable data protection obligations in relation to the Personal Data they receive. If You wish to exercise data protection rights (e.g., access, correction, deletion) regarding Personal Data processed by a Venue, You must contact the Venue directly.

Personal Data provided by Venues. A Venue may provide or enter Personal Data about its guests into GoodResto, including information obtained through telephone reservations, walk-in visits, email, other direct interactions with the guest or the Venue's own customer records.

Where the Venue determines the purposes and means of processing and GoodResto processes such Personal Data solely to provide GoodResto's systems and services to the Venue, GoodResto acts as a Data Processor on behalf of the Venue. This may include storing guest information, managing reservations and visit history, administering Venue-specific loyalty activities, and sending operational communications such as reservation confirmations and reminders at the Venue's instruction.

The Venue remains responsible for its own processing as Data Controller, including identifying the appropriate legal basis, providing required privacy information and responding to data subject requests concerning the Venue's own purposes. GoodResto will assist the Venue with data subject requests and other controller obligations to the extent required by applicable law and the applicable agreement between GoodResto and the Venue.

A Venue may maintain its own guest database and may use Personal Data about its guests for its own lawful business and guest-management purposes, including Reservation management, visit history,

customer service, loyalty activities and other purposes determined by the Venue. The fact that such Personal Data is stored or processed through GoodResto's systems does not make GoodResto the Data Controller for the Venue's own purposes.

Any marketing communications sent by a Venue are the responsibility of the Venue and must have an appropriate legal basis and, where required by applicable law, the required consent. Marketing consent given to GoodResto does not constitute consent to marketing by a Venue, and marketing consent given to a Venue does not constitute consent to marketing by GoodResto.

Depending on the applicable Reservation or Loyalty Program, a Venue may receive or have access to information about Your Reservations, visits or participation in that Venue's Loyalty Program where such access is necessary to administer the relevant service. A Venue will not receive Your entire GoodResto account profile merely because You use GoodResto to interact with that Venue.

We also may need to share Your personal information in the following situations:

- **Business Transfers**. We may share or transfer Your information in connection with, or during negotiations of, any merger, sale of company assets, financing, or acquisition of all or a portion of our business to another company.

5. DO WE USE COOKIES AND OTHER TRACKING TECHNOLOGIES?

In Short: We do not currently use cookies or other tracking technologies in our Services. If we decide to implement cookies or similar technologies in the future, we will inform End Users and provide options to manage consent in accordance with applicable laws.

6. HOW DO WE HANDLE YOUR SOCIAL LOGINS OR "LOG IN WITH APPLE" OR "LOG IN WITH GOOGLE"?

Our Services may offer You the ability to register and log in using Your third-party social media account details or Your Apple ID or Google account. Where You choose to do this, We will receive certain profile information about You from the provider. The profile information We receive may vary depending on the provider concerned, but will often include Your name, email address, as well as other information You choose to make public on such a social media platform or Apple ID or Google account.

We will use the information We receive only for the purposes that are described in this privacy notice or that are otherwise made clear to You on the relevant Services. Please note that We do not control, and are not responsible for, other uses of Your personal information by Your third-party social media provider. We recommend that You review their privacy notice to understand how they collect, use, and share Your personal information, and how You can set Your privacy preferences on their sites and apps.

7. HOW LONG DO WE KEEP YOUR INFORMATION?

In Short: We retain Personal Data only for as long as reasonably necessary for the purposes described in this Privacy Policy, unless a longer period is required or permitted by applicable law.

The applicable retention period depends on the type of Personal Data and the purpose for which it is processed. For example, account and profile information may be retained while Your account remains active and for a reasonable period thereafter; Reservation, voucher, Loyalty Program and transaction records may be retained for as long as necessary to administer the relevant service, resolve disputes, establish or defend legal claims, meet accounting, tax or other legal obligations, or maintain appropriate business records.

Personal Data processed by GoodResto on behalf of a Venue may be retained in accordance with the Venue's instructions and the applicable agreement between GoodResto and the Venue.

Where Personal Data is no longer required for an applicable purpose, We will delete it, anonymise it or securely isolate it where immediate deletion is not reasonably possible, including where information remains temporarily in backup systems.

Different retention periods may therefore apply to different categories of Personal Data.

8. HOW DO WE KEEP YOUR INFORMATION SAFE?

In Short: We aim to protect Your personal information through a system of organizational and technical security measures.

We have implemented appropriate and reasonable technical and organizational security measures designed to protect the security of any personal information We process. However, despite our safeguards and efforts to secure Your information, no electronic transmission over the Internet or information storage technology can be guaranteed to be 100% secure, so We cannot promise or guarantee that hackers, cybercriminals, or other unauthorized third parties will not be able to defeat our security and improperly collect, access, steal, or modify Your information. Although We will do our best to protect Your personal information, transmission of personal information to and from our Services is at Your own risk. You should only access the Services within a secure environment.

9. WHAT ARE YOUR PRIVACY RIGHTS?

In Short: GoodResto processes Personal Data primarily within the European Union. If data is processed or stored in other jurisdictions (for example, through third-party hosting, analytics, or email service providers), we ensure that such processing is carried out in compliance with GDPR.

Thus, You have rights that allow You greater access to and control over Your personal information. You may review, change, or terminate Your account at any time.

You have certain rights under applicable data protection laws - GDPR. These may include the right (i) to request access and obtain a copy of Your personal information, (ii) to request rectification or erasure; (iii) to restrict the processing of Your personal information; and (iv) if applicable, to data portability. In certain circumstances, You may also have the right to object to the processing of Your personal information. You can make such a request by contacting us by using the contact details provided in the section 'How Can You Contact Us About This Notice? below.

We will consider and act upon any request in accordance with applicable data protection laws.

Where Personal Data is processed by a Venue as an independent Data Controller, requests concerning the Venue's own processing should generally be addressed to the relevant Venue.

GoodResto may assist the Venue where required by applicable law or where GoodResto processes the relevant data on the Venue's behalf as a Data Processor.

Where GoodResto processes the same Personal Data for its own independent purposes, You may exercise Your rights directly against GoodResto in relation to that processing.

Withdrawing Your consent: If We are relying on Your consent to process Your personal information, You have the right to withdraw Your consent at any time. You can withdraw Your consent at any time by contacting us by using the contact details provided in the section "How Can You Contact Us About This Notice?" below or updating Your preferences.

However, please note that this will not affect the lawfulness of the processing before its withdrawal nor, will it affect the processing of Your personal information conducted in reliance on lawful processing grounds other than consent.

You are acknowledged, that in case of withdrawal of Your consent or request for deletion of some information that We need for proper operation or ensuring security of Goodresto and the Services, functionality may be limited to You or You will not be able to use Goodresto or Services at all.

Opting out of marketing and promotional communications: You can unsubscribe from our marketing and promotional communications at any time by clicking on the unsubscribe link in the emails that We send, or by contacting us using the details provided in the section 'How Can You Contact Us About This Notice?' below. You will then be removed from the marketing lists. However, We may still communicate with You—for example, to send You service-related messages that are necessary for the administration and use of Your account, to respond to service requests, or for other non-marketing purposes.

Account Information

If You would at any time like to review or change the information in Your account, You can:

- log in to Your account settings and update Your user account.

In order to terminate the account, please contact us by using the contact details provided in the section "How Can You Contact Us About This Notice?"

Upon Your request to terminate Your account, We will deactivate or delete Your account and information from our active databases. However, We may retain some information in our files to prevent fraud, troubleshoot problems, assist with any investigations, enforce our legal terms and/or comply with applicable legal requirements.

Deletion or deactivation of a GoodResto account does not necessarily result in the immediate deletion of Personal Data that GoodResto is required or permitted to retain for legal, accounting, tax, security, fraud-prevention, dispute-resolution or evidentiary purposes, or Personal Data that is processed on behalf of a Venue and remains subject to the Venue's lawful retention requirements.

Cookies and similar technologies: Most Web browsers are set to accept cookies by default. If You prefer, You can usually choose to set Your browser to remove cookies and to reject cookies if we decide to implement cookies. If You choose to remove cookies or reject cookies, this could affect certain features or services of our Services. You may also opt out of interest-based advertising by advertisers on our Services.

If You have questions or comments about Your privacy rights, You may email us at contact@goodresto.app .

10. CONTROLS FOR DO-NOT-TRACK FEATURES

Most web browsers and some mobile operating systems and mobile applications include a Do-Not-Track ('DNT') feature or setting You can activate to signal Your privacy preference not to have data about Your online browsing activities monitored and collected. At this stage no uniform technology standard for recognising and implementing DNT signals has been finalised. As such, We do not currently respond to DNT browser signals or any other mechanism that automatically communicates Your choice not to be tracked online. If a standard for online tracking is adopted that We must follow in the future, We will inform You about that practice in a revised version of this privacy notice.

11. DO WE MAKE UPDATES TO THIS NOTICE?

In Short: Yes, We will update this notice as necessary to stay compliant with relevant laws.

We may update this privacy notice from time to time. The updated version will be indicated by an updated "Revised' date and the updated version will be effective as soon as it is accessible.
